

1. APP QUICK START & INSTALLATION INSTRUCTIONS

Follow these 3 essential setup steps to use Chitrachaya on mobile and desktop devices:

- > **Step 1: Open Official URL** Visit <http://localhost:5173> (or official college portal) on Chrome, Safari, or Edge. Log in exclusively using your official @iiitkottayam.ac.in Google email.
- > **Step 2: Add to Home Screen (PWA)** Android/Desktop Chrome: Tap the 3-dot menu and select 'Install App' or 'Add to Home Screen'. On iOS Safari: Tap the Share button and select 'Add to Home Screen'. This installs Chitrachaya as a standalone mobile application.
- > **Step 3: Allow Push Notifications** When prompted upon first login, tap 'Allow Notifications'. This enables instant real-time alerts for event approvals, photographer assignments, coverage replacement requests, and IT camera status updates.

2. HOW TO REQUEST EVENT COVERAGE

Event Requesters (Club Heads, Faculty Coordinators, Student Organizers) can submit photography and videography coverage requests easily:

- > **Click Request Event** On your Requester Dashboard, click the prominent red 'Request Event Coverage' button.
- > **Fill Event Details** Provide Event Title, Hosting Club Name, Date, Start Time, End Time, Venue, and Required Coverage Type (Photography, Videography, or Both).
- > **Submit Request** Click Submit. Your request will automatically enter the Chitrachaya Event Pool for Lead review.

3. TRACKING EVENT PIPELINE & STATUSES

Track your event's progress in real-time through the 5-stage pipeline indicator:

- > **Requested** Event submitted and pending Lead review.
- > **Assigned** Photographer or uploader claimed coverage responsibility.
- > **In Progress** Event coverage is actively taking place or media editing is underway.
- > **Uploaded** Photos/videos have been processed and uploaded to Google Drive.
- > **Delivered** Google Drive link is attached to the card for instant access and download.

4. ACCESSING DELIVERED MEDIA

GOOGLE DRIVE MEDIA ACCESS

Once event status reaches 'Delivered', an 'Access Photos ->' button will appear on your event card. Click it to view and download all high-resolution event media directly.
